

## *Session Options*

All sessions are on-location, either in your home or at another destination of your choosing. Sessions are relaxed and casual—Posing and grouping suggestions will be made for some shots, but an equal emphasis will be made on capturing images of your children, family, and pets simply being themselves! Session prices listed below include up to 5 people and/or animals; additional charges may apply for larger groups.

In addition to the full-length private session options listed below, Brandi also offers mini-sessions at special Limited Edition Portrait Events. These events are hosted at local boutiques in the Houston area. Upcoming events will be announced on the BCP blog ([www.b Crawford photography.blogspot.com](http://www.b Crawford photography.blogspot.com)). Portrait Events can also be hosted in your home—email Brandi for more details! ([info@bcrawfordphotography.com](mailto:info@bcrawfordphotography.com))
